NOTHING YOU'VE EVER TRIED OR HEARD ABOUT USING MAGNETS BEGINS TO COMPARE WITH WHAT YOU'LL NOW FIND INSIDE THE **MAGNETOCORE™ WELLNESS KIT**

100 MILLION AMERICANS suffer from chronic pain, but now, there's a scientifically engineered and tested method for helping the body relieve and release pain from any part of the human body.

What is this new method used with remarkably consistent success by people all over the world?

It's the **MagnetoCore™ Wellness Kit** and it uses the body's own electrical grid to restore balance, energy and wellness – *sometimes within hours*.

How does the **MagnetoCore™ Wellness Kit** work to reduce pain and restore health – the easy way?

THE MAGNETOCORE RECHARGES THE HUMAN BATTERY

The human body is an electrical grid, but the current through that grid can weaken as a result of a dysfunctional gland, organ, muscle, joint or tissue. When that happens, the body becomes more vulnerable to illness, pain and overall poor health.

With the scientifically-documented application of the Rare Earth BioMagnets found in the **MagnetoCore™ Wellness Kit**, you can now put the correct charge back into your body so your cells have the proper amount of energy to metabolize correctly – which gives your body the ability to repair itself quickly.

IMPROVE YOUR ZETA POTENTIAL, IMPROVE YOUR HEALTH

The human cell's electricity operates at what is called the Zeta potential. The proper Zeta potential is the amount of electrical energy a cell requires to transport oxygen, nutrients, produce energy and eliminate waste.

Magnetic therapy, when used properly, immediately increases the required Zeta potential of the cells, thereby helping the cell to start metabolizing faster, which, in turn, stimulates healing. By increasing the Zeta potential, you speed up recovery and repair time by increasing oxygen and blood circulation to the cells.

The science behind the **MagnetoCore™ Wellness Kit** is taught, used and studied at universities, medical research centers, hospitals and clinics worldwide. The results have shown breakthroughs in medicine that could be considered miraculous, but are firmly based on scientific laws.

THE SCIENCE BEHIND THE MAGNETOCORE

Researchers have identified that healthy cell tissue runs on a negative charge. When trauma, stress or malfunction occurs, the cell changes from its healthy, strong-negative charge to a weak-negative charge. The Rare Earth Biomagnets, found in the **MagnetoCore™ Wellness Kit**, have two fields, the green side is negative, the red side is positive.

Since the body is naturally energized by the negative pole, most of the suggested techniques found in the **MagnetoCore™ Wellness Kit** have you place the negative, green side toward the skin at the pain location.

With the **MagnetoCore™ Wellness Kit**, you get a Correct Polarity diagram that shows you the scientific application for placing the proper pole with the correct strength BioMagnet on the exact area to support your body's optimal healing and relief. All you need to secure the Biomagnets is a BAND-AID®.

WHAT DO YOU GET WITH THE MAGNETOCORE™ WELLNESS KIT?

6 Biomagnet Power Wafers: The power wafer is a small, easy-to-use dime-sized BioMagnet used in a stack of 2 with a BAND-AID® between them, and then applied to the skin for easy application. Its frequencies were specifically designed for most aches and pains and to energize the entire body.

4 Regular-Sized BioMagnets: The regular-sized BioMagnet was designed for acute pain and for stimulating the nervous system to overcome advanced illness.

2 Super BioMagnets: The Super Biomagnet is an ultra-powerful BioMagnet – unlike any other available. It was developed for very deep tissue and organ therapy. It's powerful enough to deflect a compass from one side of the body to the other.

2 Water Jar Energizer Magnets: Although the body receives most of its oxygen from breathing, it gets most of its hydrogen from drinking water. When water becomes magnetized, it increases the water's hydrogen value which provides your body with a larger share of this vital element. Magnetized water helps to:

- ◆ PREVENT chemical build up in the body.
- ◆ DECREASE sodium levels.
- ◆ REDUCE potential free radicals damage
- ◆ IMPROVE kidney and memory functions.
- ◆ REDUCE acid waste levels which are linked to pain and inflammation

How can you add even more restorative health to your water – easily, efficiently, every day?

Simply attach to the outside of any water container, the two

Energizer Magnets and within minutes you have delicious magnetized water with increased hydrogen values for increased health.

1 Bottle of MagnetoCore™ Stabilized Oxygen. Oxygen is the metabolizing and detoxifying agent of the body. All cellular tissue needs oxygen to function.

When individuals are very ill, the first thing they receive in the hospital is pure oxygen. Oxygen deprivation is one of the main causes of weakening the immune system. Increased oxygenation strengthens the immune response.

MagnetoCore™ Stabilized Oxygen is a safe method of elevating the body's oxygen levels. It cannot over-oxygenate the cells because the iron atoms in the red blood cells (the oxygen carriers) only release the amount of oxygen the cells can use.

Conquering Pain: The Art of Healing with BioMagnetism, by Peter Kulish. This 200-page book could easily save, improve or extend your life because it includes specific BioMagnetic applications for over 170 health problems from acne to whiplash and everything in-between including swollen ankles, arthritis, allergies, baldness, high blood pressure, cancer, carpal tunnel syndrome, chronic fatigue syndrome, cirrhosis of the liver, diabetes, diverticulosis, fractures, gum disease, insomnia, kidney problems, memory loss, migraine headaches, prostate enlargement, ruptured disk, sciatica, tinnitus, urinary problems, and obesity.

Conquering Pain is the first truly comprehensive and easy-to-follow guide to proper application and usage of magnetic energy for supporting pain relief. **There's no other book like it anywhere.**

50 TIMES MORE POWERFUL THAN ORDINARY MAGNETS

The MagnetoCore™ BioPhysics Research Institute created Rare Earth BioMagnets using the most powerful-available magnetic material in the world – Rare Earth Neodymium-iron-boron.

The advantage of the 14 Rare Earth BioMagnets found in the **MagnetoCore™ Wellness Kit** is that they are 50 times more powerful than most other magnets available on the market today. The result is improved deep tissue penetration for quicker pain relief. This is necessary in order to have a positive, powerful healing effect on cell tissue.

Why will you love using the comprehensive range of BioMagnets found in the MagnetoCore™ Wellness Kit?

- ◆ THEY ARE POWERFUL for instant deep tissue penetration
- ◆ THEY ARE SMALL so you can place them anywhere
- ◆ THEY ARE CONVENIENT and require no sweaty wraps
- ◆ THEY ARE AFFORDABLE – compare MagnetoCore™'s BioMagnets to other, inferior magnets which cost 4 times as much and are less effective.
- ◆ THEY WILL LAST FOREVER. The Rare Earth Magnets used in the **MagnetoCore™ Wellness Kit** will NEVER LOSE their power for deep tissue penetration, NEVER LOSE their ability to amplify the body's electrical current, NEVER LOSE their ability to reduce and eliminate pain...at any point in the body.
